

To all the precious members of SI Greater Maçomb,

Time such as these call for a special resilience. SI Greater Maçomb has demonstrated resilience and relevance for 75 years. And now, you are called upon to continue. I can feel the joy and pride in your hearts as you celebrate 75 years of Soroptimist service. Thank you for the years of impact your club has made by providing women and girls with access to the education and training they need to achieve economic empowerment, not only locally, but globally.

The gift of economic empowerment you make possible goes well beyond the women and girls you serve. Economic empowerment benefits our communities, our nations, and our world. And it starts with you and your club's 75 years of vibrant service!

Take this opportunity to reflect on how to further your commitment to increase our collective impact through our brand-unifying Dream Programs. We have a BIG Audacious Goal that begins in September 2021 - *To invest in the dreams of half a million women and girls through access to education by 2031.* You play an important role in helping us make this possible through our Dream Programs.

There's an African proverb that seems appropriate to share at this momentous time, "If you want to go fast, go alone. If you want to go far, go together."

We are one in our commitment to realize our vision of women and girls having the resources and opportunities to reach their full potential and live their dreams. Let's go far. And let's continue to do it together....for another 75 years!

Congratulations!
